

# Amy Jo Johnson, Julia Roberts

I wanna be Julia Roberts in the movies  
I wanna make you laugh  
Make you cry  
Make you wanna be me

And I want to steal  
All of her beautiful appeal  
And wrap it up  
So nobody else can see

That's the truth  
Them are the facts  
I'm a self obsessed  
Little brat

That's the deal  
I've got no couth  
It's a sort of disease  
From my unrequited youth

And I wanna die  
Right here on Hollywood time  
So everyone and their mother  
Will remember me

And I'm gonna slap your tears  
All over my fears  
Like a bandaid  
\*And cover the lonely, only truth\*

I wanna be loved  
I wanna be loved  
I wanna be loved  
I wanna be loved

I wanna be loved  
I wanna be loved  
I wanna be loved  
I wanna be loved

I wanna be loved  
I wanna be loved  
I wanna be loved  
By everyone

That's the truth  
Them are the facts  
I'm a self obsessed  
Little brat

\*Unsure about that line\*
