

# Amy Lee, Unknown song

I know a secret  
Something still belongs to me  
I'm not afraid of those who kill their body  
For still they cannot kill their soul  
You may beat me down  
Just denying the truth  
But you can't kill the me  
In you  
Dreams are illusions  
They fade away before we can catch them  
Promises that may be broken, dreams we'll forget  
But what's birthed in you cannot die  
You may beat me down  
Just denying the truth  
But you can't kill the me  
In you
