

Amy Pearson, Don't Ya Give Up

There's something your keeping,
locked up inside,
lost in the darkness,
deep in your eyes,
you don't show your feelings,
what's on your mind,
you don't make it easy,
but im still on your side,
oh stop sinking blinded by pride,
but nothing has changed,
i still feel the same way,

[Chours]:

(don't you give up) give up on me,
it's just a little time i need,
(i'll give you the love) the love you need,
it's hard to find this kind of chemistry,
(i've got what i want) so don't be afraid,
everything i've got i need,
(don't you give up) give up on me,
(i miss you so much) basically
you think somethings missing,
drifting away, but stop what your thinking
cause nothing has changed,
i won't be a memory,
i'll keep it alive,
although your not near me,
im still by your side,
oh stop sinking its only your pride,
and nothing has changed,
i still feel the same way,

[chorus]:

(don't you give up) give up on me, oh
it's just a little time i need,
(i'll give you the love) the love you need,
it's hard to find this kind of chemistry,
(i've got what i want) so don't be afraid,
everything i want i got in you,
(don't you give up) give up on me,
don't forget the times spent together,
things are gonna be fine whatever,
so whatever you do,

[Chours]:

(so don't you give up) give up on me, oh
it's just a little time i need,
(i'll give you the love) the love you need,
it's hard to find this kind of chemistry,
(i've got what i want) so don't be a fool,
everything i want i got in you,
(don't you give up) give up on me,
(i miss you so much) so basically
Don't give up on me
it's just a little time i need,
(i'll give you the love) the love you need,
it's hard to find this kind of chemistry,
(i've got what i want) so don't be a fool,
everything i want i got in you,
(don't you give up) give up on me,
(i miss you so much) basically
