

# Amy Pearson, Love Like This

I thought I had the whole thing figured out 'til I found you,  
Didn't wanna waste my time just lookin for love.  
Thought that I was better off alone,  
But I was wrong...

[Chorus]:

I never knew a love like this,  
Finally opened up my eyes,  
Never knew just one kiss,  
Could ever wake me up inside.  
And I hope it lasts forever,  
Coz I'd walk a thousand miles,  
Just to feel like this.  
I never knew love like this.  
Everyday is better than the last when I'm with you.  
Don't think I can get much higher.  
Everytime you come and put your hands on me,  
Things you say to me,  
It just feels so good...

[Chorus]:

I never knew a love like this,  
Finally opened up my eyes,  
Never knew just one kiss,  
Could ever wake me up inside.  
And I hope it lasts forever,  
Coz I'd walk a thousand miles,  
Just to feel like this.  
I never knew love like this.

[Bridge]:

Love like this...  
Could make me wanna lose myself in you.  
Love like this....  
And with you here there's nothing I can't do  
Just one kiss...  
Cos noone else compares to you,  
And it feels true.

[Chorus]:

I never knew a love like this,  
Finally opened up my eyes,  
Never knew just one kiss,  
Could ever wake me up inside.  
And I hope it lasts forever,  
Coz I'd walk a thousand miles,  
Just to feel like this.  
I never knew love like this.  
I never I never I never knew love like this,  
I never I never I never  
And i hope it lasts forever cos I'd walk a thousand miles,  
Just to feel like this  
I never knew love like this...

[Chours]:

I never knew a love like this,  
Finally opened up my eyes,  
Never knew just one kiss,  
Could ever wake me up inside.  
And I hope it lasts forever,  
Coz I'd walk a thousand miles,  
Just to feel like this.  
I never knew love like this.
