

# Amy Ray, No Way Out

As I was wading through your distance  
I heard you say "there's no way out";  
And I was just thinking as my independence faded  
Well there's no way in for me

There's no way out and you know  
There's no way in  
We're on either side  
Scared to say we're friends

Now I found Jesus and you found yourself  
Sometimes I still feel like I'm losing out  
But we both found that it's just too hard to know for sure  
Just what we can lean on when we're falling down

You always did see  
The other side of things and sometimes  
I'm bound to wonder

Do you see through me

With all the voids I tried to fill  
And all the emptiness I tried to tell you about  
There was never time enough  
There are never words enough  
And I'll never have the guts enough  
But I'll tell you I've been needing you so bad

There's no way out and you know  
There's no way in for me now  
And we're on either side  
And we're crying for a friend

There's no way out and you said  
There's no way in for me now  
And we're on either side  
And we're scared to say we're friends
