

# Amy Studt, Happy Now

Happy now  
I wonder are you  
Happy now  
Now that you've had me  
And im on my own  
All alone  
Are you  
Happy now

I recall  
The way you always  
looked at me  
You chose those words  
Effectively  
To work your way  
Inside of me

I had so much to give  
But you didn't have to take it all  
The pain i'm left with  
I'm wondering  
Are you happy now?  
Are you  
Happy now?

Happy now  
I wonder are you  
Still happy now  
Now that i've left you  
And you're on your own  
All alone  
Are you  
Happy now?

What goes around  
Comes around  
What goes up  
Must come down  
Down, down, down  
Why did it take me so long  
To see you made me  
So unhappy  
Oh  
Now i know  
Now i know

Happy now  
Guess you could say  
Im happy now  
We'll meet again  
Some day some how  
But until then

Look who's happy  
Look who's happy  
Look who's happy  
Now
