

# Amy Winehouse, Just Friends

When will we get the time to be just friends  
It's never safe for us not even in the evening  
'cos I've been drinking  
Not in the morning where your shit works  
It's always dangerous when everybody's sleeping  
And I've been thinking  
Can we be alone?  
Can we be alone?

When will we get the time to be just friends  
When will we get the time to be just friends

And no I'm not ashamed but the guilt will kill you  
If she don't first  
I'll never love you like her  
Though we need to find the time  
To just do this shit together  
For it gets worse  
I wanna touch you  
But that just hurts

When will we get the time to be just just friends  
When will we get the time to be just friends, just friends  
When will we get the time to be just friends, just friends  
When will we get the time to be just friends, just friends  
Just friends
