

An Pierl, Kiss Me

Oh my love
Cover me
Melting down
Chemistry
High above
Touching your skin
Till the last of the distance
fades in
I cover you up in your shell
Make us forget
Make us well
Ooh Kiss me down

Oh my love
Come to me
Make us watch
Make us weak
For Mr. Coolwind
offers to match at first sight
Sensory nerves say it's
alright
ooh kiss me down
