

Ana Johnsson, Life

Made of love
Made of sin
Mayday - calling from outer space
I dive right in

Here I am
Breathing, I'm a miracle
I'm on fire - I'm cold
I can't be controlled
I'm alive and I'm dead
And I'm ready for the take off

Life! Life!
Shocking irresistable
Life! Life!
Crazy unpredictable
You go Hu Hu Hu
If you want some action
Shocking irresistable

Got no fear
I feel no pain
Only blood rushing on its way
Through my veins

Here I am
Breathing, I'm invincible
I am great but I'm small
I'm a brick in the wall
I'm alive and I'm dead
And I'm ready for the take off

Life...

Big bang beating a distant drum
Hear the echoes fill the night
Big bang making the walls come down
For the children of the light

I dive right in...
