

# Ana Johnston, What Is A Girl To Do

Come on,  
I feel it,  
its in the air,  
when we were round each other,  
Come closer release it,  
its only fear.  
'Cause we weve done this for too long.  
What is a girl to do,  
to get through to you.  
How does a girl make you understand that we can make it all come trough. What is a girl to do,  
to get through to you.  
Tell me 'cause I havent got a clue.  
What is a girl to do.  
Go on I need it,  
move closer now,  
lets melting to each other.  
Let go,  
dont fear it,  
open your eyes.  
And see before the moment is gone.  
What is a girl to do,  
to get through to you.  
How does a girl make you understand that we can make it all come trough. What is a girl to do, to g  
Tell me 'cause I havent got a clue.  
Tell me.  
What is a girl to do,  
to get through to you.  
How does a girl make you understand its a once in a lifetime chance.  
What is a girl to do,  
to get through to you,  
tell me 'cause I havent got a clue.  
What is a girl to do.  
Lets take this one step further.  
And stop wasting precious time.  
And be reap the guts together.  
Are you down with that,  
are you down with that.  
Baby? its now or never,  
and we don t make that move,  
we regret this day forever,  
but nothing left to prove.  
What is a girl to do,  
to get through to you.  
What is a girl to do,  
to get through to you.  
Why dont you make a move.  
What is a girl to do,  
to get through to you.  
How does a girl make you understand that we can make it all come trough. What is a girl to do,  
to get through to you.  
Tell me 'cause I havent got a clue.  
What is a girl to do.
