

Anadivine, Yes Sir, Mr. Machine

Anadivine Yes Sir, Mr. Machine

Had enough
These fingers
Will never push numbers
Into your machine again
I will be like a mist
That will appear today and vanish tomorrow
You will never be able to make up all I've done for you
Dark mornings praise anger fierce as the sun
As the sun
Don't look to see my face
This face will never lie
Never lie
This machine again
This face will never lie
Never lie
This machine again
You couldn't grant my few requests
But only took from me
Cause you were always undenyng
Unless you're lying
Cause you are everything that you
Don't want to believe
Do you remember
We put together this machine
This face will never lie
Never lie
This machine again
This face will never lie
Never lie
This machine again
This face will never lie
Never lie
This machine again
