

Anastacia, Absolutely Positively (Moto Blanco Re

Absolutely, absolutely
So now I'm absolutely, absolutely
Absolutely, positively
Absolutely, positively
So now I'm absolutely, positively
Certain that I'm not sure that I love you anymore
Said baby, baby I'm absolutely, positively
Certain that I'm not sure that I love you, yeah anymore
Said baby, baby I'm absolutely, positively
Certain that I'm not sure that I love you anymore
Said baby, baby I'm absolutely, positively
Certain that I'm not sure that I love you, yeah anymore
I've been thinkin' about it
Give some serious thought and I made up my mind
I have decided that I need a little more time to decide, yeah
We used to be happy, lovin' bein' in love
But lately I came to find that everyday there's somethin' new
'Bout you that I just don't like
So now I'm absolutely, positively
Certain that I'm not sure that I love you, yeah anymore
Yeah, now I can't deny there's some feelin' for you inside of me
That's why I'm havin' the hardest time
Tryin' to just up and leave, yeah, yeah

But every time that you smile in my face while lyin' to me
Packin' my things and gettin' outta here
Suddenly seems so easy
So now I'm absolutely, positively
Certain that I'm not sure that I love you anymore, yeah
I've been rackin' my brain over you baby
Tryin' to figure out just what to do
Don't think I love you anymore
Absolutely, positively
Certain that I'm not sure that I love you anymore
Said baby, baby, I'm absolutely, positively
Certain that I'm not sure that I love you, yeah anymore
Don't think I love you anymore
Absolutely, positively
Certain that I'm not sure that I love you anymore, yeah
I'm absolutely, positively
Certain that I'm not sure that I love you anymore
Said baby, baby I'm
Anymore
I love you, yeah anymore
