

# Anastacia, Caught In The Middle

we've been rolling like a thunder  
ain't been no other  
got my back the way you do babe

and everyday it gets stronger  
the way that I want you  
I can't push it away

and every day I'm trying to find the words  
the words to say  
but I'm trying not to complicate the games we play  
and I don't know how  
what way, but things got to change

now my heart sings out so loud  
boy I need you know  
I need you know

oh you  
Caught In The Middle  
Caught In The Middle  
between my heart and my head

I don't need that  
you don't need that  
we don't need that

but I'm Caught In The Middle  
yes, I'm Caught In The Middle  
don't wanna fall out of rhythm

I don't need that  
you don't need that  
we don't need that

you got the eye of tiger  
an unending fire  
and it's calling my home

and every day I'm trying to find the words  
the words to say  
but I'm trying not to complicate the games we play  
and I don't know how  
what way, but things got to change

now my heart sings out so loud  
boy I need you know  
I need you know

oh you  
Caught In The Middle  
Caught In The Middle  
between my heart and my head

I don't need that  
you don't need that  
we don't need that
