

Anathema, Anyone, Anywhere

No one seems to care anymore
(as) I wander through this night all alone
No one feels the pain I have inside
Looking at this world through my eyes

No one really cares where I go
Searching to feel warmth forever more
The wheels of life they turn without me
Now you are gone... eternally

No...
Don't leave me here
The dream carries (me) on
Inside
I know...
Its not too late
Lost moments blown away
Tonight

[Chorus]
Mankind, with your heresy
Can't you see that this is killing me
There's no one in this life
To be here with me at my side
