

# Anathema, The Silent Enigma

In dreamland grandeur  
I held mesmerised peace  
Innocence breathed again

A mind's escape  
Leave walls of tears behind  
Ethereal vision haunting still .....  
The solitude left me blind

Beneath an open sky  
Sibilant cries of youth dying  
Enslave me with grief

A moonlit era, oblivion's twilight kiss  
Wishes in lament  
Happiness in a broken vision

Utopia still unborn .....

Tormented echoes of a fallen Eden  
I longed for her beauty  
Yet from dust, she returned  
The dream, an enigma ..... silent
