

# Ancient, Apophis

[Music: Aphazel / GroM - Lyrics: Aphazel]

another perilous ride through the underworld  
another fiery night in the heart of hell

another battle against the blinding light  
another chance to slay and burn  
the weak defender of the sun

you weak defender

out of the darkness perpetual  
the serpent god threatens  
the cosmic order

you ride through my lands  
unaware of the powers here within  
I tell you beware  
cause a gruesome doom awaits you

one dreary night with universe in hand  
you'll see me strike and swallow  
you ghastly light

light you ghastly light
