

# Ancient Bards, Through My Veins

[Shena]

The battle wages on as cruel as it can be  
swords slashing on the shields make sparks that fill the air  
no holds barred here I nearly lost my ring  
my friends are on the ground it's time for me to hit

[Sendor]

My arms get stronger and stronger  
with every breath I take  
I feel the power of this sword  
through my veins  
A god is growing inside me  
it feeds my every cell  
I feel the power of this sword  
through my veins

[The Group]

Oh how he blows us away!  
Oh how he makes us fall!  
We can't last for long  
we are on our knees!  
What a perfect chance for us to be  
the glorious kings the world needs  
Let's fight him back  
fight him 'til death!

[Sendor]

Come on, show me what you've got!

[Alron]

King Rahed has lost his senses, Shena takes her turn  
she thinks that killing Sendor will mend her broken heart  
My rod's powerless, I don't know what to do  
I hope that he won't hurt the woman he once loved

[Sendor]

My arms get stronger and stronger  
with every breath I take  
I feel the power of this sword  
through my veins  
A god is growing inside me  
it feeds my every cell  
I feel the power of this sword  
through my veins

[Sendor]

Come on, show me what you've got!

[Storyteller]

Sendor screaming out like a demon  
strikes them showing no mercy  
full of hatred and endless fury  
he's turned into a monster  
scattered fragments of glass

bodies lying on the stairs
