

Ancient Ceremony, A Black Requiem

Oh fiercest Goddess Darkness dares to invoke
Pure Demonic Attraction
When Thou were raptured by Elohim's Hand
Tears bedimmed Thy ebony Eyes
Former Things now passed away
No Sorrow, no more Woe
In Blackened Moon, in Twilight's Dim
Listen to this Bridal Hymn
Await my Diabolique Spell
Mine art Dark Powers to read the Visions old
My Orchestra of Agony performs for Thee
The Symphony of Pride
Now become One with me
Hades and Eden unite
Now Thou art One with me
In unholy Desire allied
Congressus cum Daemonae - See Shadows dance in morbid Rhythm
Congressus cum Daemonae - My Black Paradise it thirsts for Thee
Revolting Angels gather for Attack
Congressus cum Daemonae - Install Thyself next to my Throne
Congressus cum Daemonae - Our rival Kingdom never will bow down
Pass the Rivers of the Dead
A Vision of Elysium tonight flows
All Flesh desires Divinity
Imprisoned Stars now set free again
Ready for Vengeance
As I strike the flaming Sword
Thee all shalt hear the Master Chord
Performed in this Black Requiem of mine
Ego vos benedictio in nomine magni Dei nostri Sathanas
Exaudi meam Dominus Inferus vobiscum!
Creatures of the Abyss
And in Heavens as well
Join our Path under the Sun
And join us in crimson Moonlight
