

And Oceans, Yerushalayim

Yerushalayim rez HaQodes

[...AND OCEANS]

The fanfare chants, trumpets loud proclaim
Through all the world in the holy land's name
Obtain mutual forgiveness of each vice,
And crush the opened gates of paradise.

[chorus:]

Oh god, oh lord

Make the devil keep his word

Oh God of all

Now see the symbol fall

The mortal virtues in great fear

Formed the cross and nails and spear

Tainted dignity stands next in line

One soul alone, the disease of time

[chorus:]

Oh god, oh lord

Make the devil keep his word

Oh God of all

Now see the symbol fall

Now burn the flag of discipline

To raise the fists of libertine

For all moral virtues all begin

Cleanse the people blessed with sin
