

# And One, Life Isn't Easy In Germany

The way it was  
It used to be  
Well it had to change  
As we all could see  
We're twice as big  
And Yet so small  
Now we have to share  
Here in Germany

When skins broke up  
As Lenin broke down  
Driving fast  
Through united towns  
Clubs being closed  
And fights ahead  
Now we have to share  
So the Chancellor said

Life isn't easy in Germany  
Life isn't easy in Germany

Such boring days  
For kids in the East  
Where should they stay  
How to be pleased  
The freedom of speech  
Playing democracy  
Bo ey, Life isn't easy in Germany

Life isn't easy in Germany  
Can't you see  
Life isn't easy in Germany

(Das also waren Deutsche  
Die noch nichts zu sagen hatten  
Aber reden durften)
