

# And One, One LOVE AND FINGERS

mother's boy  
small and shy  
he's a boy in the cage  
a man of middle age  
wow i think he looks like his mother  
all his life a fashion show  
a hard man's job - oh no  
with a dress in a coalmine - no  
mother's boy  
small and shy  
somebody knew  
(somebody knew)  
somebody knew the mowing downers  
love and fingers  
so he left his motherland  
to find a metalband  
now on bravos band new cover  
i can't understand  
he's every fathers lover  
mother's boy  
father's toy  
somebody knew
