

And One, Paddy Is My DJ

It's Wednesday Night
for those who can flee
there's one place to go
wich only the only can see
My sparkling wine
i'd never resist
i guess that's only me
just breathing the people i missed
dont let this get over
It's a perfect party to me
couse he's dj tonight
everybody's dancing
he's even doing the light
doing the light
Swimming in a black, tight music pool
paddy is my dj
everybody's going to skip the school
paddy is my dj

if i could pitch a tent right there
a pillow and a blanket and a girl to share
a bassdrum, toms and snare
i would not care
And if you're not fine
with music he do
no reason to leave
couse paddy makes your wishes come true
(sometimes, maybe, probably not)
We enjoy the ride
we melt into this floor
it's easy to feel what
he is living for
(four, three, two, one)
Swimming in a black...
i wish you would be there
