

And One, The Great Commandment (Live)

Some people suppress you
They parch you and reap a disaster
Reeducation for the infants
Who demanded for an innocent instance
The great commandment
Shows the contempt
Between the world and their
Embarrassing pavement
Believe the scholars
Read the readings
Realize the man who says anything
The great commandment
The needies believe you
They treat you like survivors of a disaster
Reeducation for the infants
Who demanded for an innocent instance
The great commandment
Shows the contempt
Between the world and their
Embarrassing pavement
Believe the scholars
Read the readings
Realize the man who says anything
The great commandment
