

And One, WHEN THE FEET HURT

My long day through acid rain
following the hope
The right day to lose one's way
it's like yesterday - tomorrow is coming

My weaknesses can't hold you now
falling to pieces
The right day to lose one's way
It's like yesterday - tomorrow is coming

So, don't you know - how it feels when...
When the feet hurt

My wrong pray to you
lying for freedom
The right day to lose one's way
it's like yesterday - tomorrow is coming
