

Andain, You Once Told Me

You once told me I wouldn't know it enough
Well, let me tell you something
Yeah, I do
You once told me I wouldn't feel it enough
Well, let me tell you that
Baby, I do

Sometimes I found myself in a scene
In a dream that's so far away
Sometimes
Tell me what happened to me

Sometimes I see myself falling
Tho I don't show it much
Sometimes I'm crazy for you
Well, maybe I'm fine
And tell me you're mine

Sometimes I found myself in a scene
In a dream that's so far away
Sometimes
Tell me what happened to me

Tell me, baby, can you hold me now?
You don't have to say it, I feel it too and
Maybe I'm falling or maybe
But I don't show it much

Tell me, baby
Can you see me now and
Show me baby that I don't know how and
How can I start to see inside the fog?

But sometimes I found myself in a scene
In a dream that's so far away
Sometimes
Tell me what happened to me

In a scene, in a dream that's so far away
Sometimes
Tell me what happened to me
