

Anders Manga, Burn

Turn with it darling stomp away your nightmares
Fire trails are glowing ashing up your dark hair
Swing out your hatred hell is now well aware

Tied up, lost with your head to the ground
Anger overturned, you'll never learn until you burn

Erratic motions, request are made to repeat
Shadowing dancers translate when evil speaks

Tied up, lost with your head to the ground
Anger overturned, you'll never learn until you burn

Expose all emotions, turning heads looking dead
Kill the satisfaction and just force feeds them red
Death by desire
Death

Tied up lost with your head to the ground
Anger overturned, you'll never learn until you burn
