

# Anders Manga, Innocence End

No Regrets or Casualties  
Just your Memory Keeping Me  
By your Side I will Be There  
In A Love Seat Electric Chair

As They Lead Me Down the Hall  
Hanging Head and Walking Tall  
I'll Be Seeing You My Dear  
Make the Hate all Disappear

As they Strap My Legs and Wrists  
And the Crowd All Throw their Fists  
Realize I've Lost the Will  
Burned Out Shame and Ugly Thrills

Drown the Pain and Spend the Price  
Wire My Skull and Shave it Twice  
Yes My Love It's Nearly Time  
Intertwined and So Divine

I Am Waiting for the Innocence to End

Hatred Fills the Humid Air  
And the Looks I Can Hardly Bear  
All Their Eyes Aimed Right at Me  
Like A Sideshow CarniFreak

All this Horror I'm Aware  
All and All I Could Hardly Care  
By your Side I will Be There  
In A Love Seat Electric Chair

There'll Be Nowhere Left to Run  
Once That Switch is  
Thrown and Done  
Arms Wide Open Greeting Me  
Innocence in Peace to Keep

I Am Waiting for the Innocence to End
