

Anders Manga, Innocence End

No Regrets or Casualties
Just your Memory Keeping Me
By your Side I will Be There
In A Love Seat Electric Chair

As They Lead Me Down the Hall
Hanging Head and Walking Tall
I'll Be Seeing You My Dear
Make the Hate all Disappear

As they Strap My Legs and Wrists
And the Crowd All Throw their Fists
Realize I've Lost the Will
Burned Out Shame and Ugly Thrills

Drown the Pain and Spend the Price
Wire My Skull and Shave it Twice
Yes My Love It's Nearly Time
Intertwined and So Divine

I Am Waiting for the Innocence to End

Hatred Fills the Humid Air
And the Looks I Can Hardly Bear
All Their Eyes Aimed Right at Me
Like A Sideshow CarniFreak

All this Horror I'm Aware
All and All I Could Hardly Care
By your Side I will Be There
In A Love Seat Electric Chair

There'll Be Nowhere Left to Run
Once That Switch is
Thrown and Done
Arms Wide Open Greeting Me
Innocence in Peace to Keep

I Am Waiting for the Innocence to End
