

Anders Manga, Lovely Sort Of Death

In Conversation with a Kaleidoscope of Black
The Kiss of Death Has Given Orders to Attack
My Clarity and Order Leaves me to believe|
The Innocent aren't living and the wild ones are a dying, lonely breed.

The trick turned alley whores have triples just this hour
A three foot satan promises more hate and power
Behind the Mirrored door and the opium wasteland
The tour guide melted in a patch of quicksand and the
damned have been exploited.

A Lovely Sort of Death that takes you like an endless lover
A Lovely Sort of Death that takes you in and never can let go
A Lovely Sort of Death that Leaves you like a dead-beat mother
A Lovely Sort of Death that takes you in and never can let go
