

Anderson Jon, Hurry Home (Song From The Pleiades)

Anderson Jon
City Angels
Hurry Home (Song From The Pleiades)
The breakthrough was needed
By the sign of the day
Singing out our revolution
Children show the way

They made out a charter
Sealed with a song
It took me across the river
To where I belong

Hurry home to your heart
Hurry home to the voice
There are times for inner changes
Be ready for the choice

Hurry home said my love
Hurry home to the stars
Start a new generation
With a freedom that's ours

My friends said bear me witness
I'm coming alive
For the first time in our history
No mountains to climb

Be the living soul of this time
Be ye wise as the moon
Be the first new generation
Coming home coming soon

They call it the cleansing
Of the loneliest soul
It's an honour just to be alive
