Anderson Jon
City Angels
It's On Fire

I may not always be the one
But until something comes along
It's never easy but I know
Without you where would I go

I may not always stoop to win
'Cause we can change how we begin
I won't deny my brothers' sight
Without them how will I fly

Same chance
Same time
Come along

How can I tell you what to be
When you're the best judge of yourself
You hold a power so unique
You have the power to change your world

Same chance
Same steps along the way
Same chance
Same time

I may not always be the one
But until something comes along
It's never easy but I know
Without you where would I go

You may not always see me win
Doesn't mean I won't be dreamin'
I can stand as tall as the sky
With this feeling
Wanting only just to be near you
Wanting only just to be near you

Same time
Same place under the sun
Same chance
See it's almost there

Wanting only just to be with you
Wanting only just to be with you
To be near you
This time

- Solo -

Same time
Same place under the sun
Same chance
It is everywhere

Wanting only just to be near you
Wanting only just to be near you
Wanting only just to be near you

I may not always be the one
But until something comes along
It's never easy but I know
Without you where would I go

I may not always stoop to win
Doesn't mean I won't be dreamin'
I won't deny my brothers' sight
Without them how will I fly
