

Andi Deris, Think Higher!

Everyone pictures to become somebody
You know, I know
One of a few changes grime into honey
Guess how, guess how
Don't believe it's fate and fortune
Don't believe it's karma leading to
The end of the game

Think higher!
Believe in your desire
Define that you'll be strong
And nothing can go wrong
Think higher!

Kings have been conquered by bondsmen and servan
You know, I know
All is achieved by your own persuasion
That's shown, that's shown
All you need you'll find inside you
Use it and you'll make you way into
The gain of the game

Think higher!
Believe in your desire
Define that you'll be strong
And nothing can go wrong
Think Higher!
Obey you inner fire
Whatever you'll be through
The win belongs to you
Think Higher!
The gain belongs to you
