Andre Nickatina, Crooked Crow

I hit these niggas with the punishment

Enemy schemes top secret like the government

So check my rep from Don King my nigga

A word from the wise don't trust that bitch

I watch these muthaf**kas melt like a grilled cheese samwich

Chewy on the go then smoke then vanish

So niggas f**k with 'nopoly cause this is how I play

Lockin niggas down like they in pelican f**kin bay

Solitary, it's 1995 February

And you won't see the sun until 2000 January

Nickatina, I'm like a pisces but a submarine-a

You crossed yo eyes and I knocked you out cause you said I dealt with Tina

It's the pit, doberman rots and shit

Laid like a perm on a bad ass bitch

Big lips, smooth legs

I'm like a chicken hawk

These katipillas better post on a night watch

It's goin down, 8 pounds of that dank skunk

This crooked crow said I'm a nigga that he couldn't trust

Man I don't care what you think you f**kin super sucka

Man I don't care what you think you f**kin dirty clucka

Man I don't care what you think you f**kin tommy tucka

Man I don't care what you think you cuttin muthaf**ka

You's a crooked crow!

Mind on temporary drama

F**k these muthaf**kas but I'm a angel when I'm wit my momma

So wrap yo arms around yo body like a straight jacket

Bow down and let me rid you of those same old tactics

Cause this chewy got me high until tha next day

Muthaf**ka I'm lookin through you like an x-ray

Partna, nigga has death [never seen] your face

Well I don't think you wanna take my strap to my waist

Like yowda hoe get up off that powda!

Lemon muthaf**ka I can see that you sour

Lime your 9 cents short of a dime

Niggas is broke that's why niggas do crime

Battle! Nigga like Dallas and the 9ers

Wheres yo woman? Muthaf**ka betta find her

It's chillin, hatred in the mind Matt Dillon

My Vietnam stare will have you bouncing of the ceiling yeeah

You's a crooked crow! If you didn't know You's a crooked crow! Yeah

[???] survivin' in the ghetto too Uh, I thought you knew

Check this out

To the fullest muthaf**ka im the muthf**kin purest

Nigga f**k around and get robbed like a tourist

At the wrong place

At the wrong time

In the wrong car

At the wrong sign

Katapilla! You can' f**k wit me!

I'm that nigga every nigga wanna be!

Like SHAFT, getting square off in that ass

Dank 'n a sexy freak don't f**k wit hash

Reputation, smoke dope & amp; rap's my occupation

Between that time obligations rock the nation

Suffocation can't breathe from that blow to the neck

Reactions like a report card nigga all Fs
So um, tiptoe in uh, Fillmoe
Where money is God and muthaf**kas gettin low
So I'm at you like a hungry fox on a jackrabbit
Don't try to test my temper cause I got a indo habit
