See im Queeze and beleive mayne you aint me
See its all here and now when im up in your town

Chorus:

You can bounce, shake 'cause your all in the flow to get down
You can bounce, shake im telling you sqaures to get down
Get down dont wanna get hurt then get down
Roll up keep filling the cup, gotta get up to get down

We keep on moving mayne raise the states
For the chefs nothing left but to bake to cake
Stop procrastinatin' mayne get it outa the oven
Im hugging my moma tight slap 5 with my 'causein
Its a family thang(fo real)we all gotta get stay tight
Bless on Southwest pray for a safe flight
I couldnt care if you never got my name right
Its Quipto, Frisco cat living that bay life

Respect and get back dont get back hand silly
We blowing up the Swishy or rolling up to Philly
Im not making it pretty it is what it is
Were just getting f**ked in the industry biss.
They all robbing the slang and mimic the sound
Then they take it and they make it for there own
Just so they can get down

Chorus:

Bounce, shake and get in my way to get down
Better bounce shake im all in your town to get down
Get down im telling you squares to get down
Roll up keep filling the cup gotta get up to get down
