

# Andrea Corr, Shame On You

You left me thinking what a bore  
I'm always stuck inside  
I've got a feeling there is more  
Than I've been left behind  
A lot of pain a lot of noise  
That these four walls hide  
Happy faces go to war.  
And dance upon the mines

## Chorus

Come join come join come join us  
Your barely young come join us  
You'd be a man come join come join us  
You're big and strong come join us

You planted me in foreign ground  
A pen within a hand  
At least I am not on my own  
In hell I have a friend  
I know I find (innocence) ashamed?  
It isn't my crusade  
Dirty faces in a war  
Asleep in open graves

Come join come join come join us  
Your barely young come join us  
You'll be a man come join come join us  
Your big and strong come join us  
Shame on you shame on you shame on you  
To keep my love from me-shame on you  
Shame on you shame on you  
To keep my love from me  
Shame on you shame on you shame on you  
To keep my love from me

Shame on you-close your eyes to see shame on you shame on you  
Shame on you shame on you shame on you  
To keep my love from me  
When you close your eyes to see  
You block your heart to me?  
You changed his name to a number?  
But he survives a child
