

Andrea Corr, Shame On You (To Keep My Love From Me)

You left me thinking what a bore
I'm always stuck inside
I've got a feeling there is more
Than I've been left behind
A lot of pain a lot of noise
That these four walls hide
Happy faces go to war
And dance upon the mines

Come come join come join come join us
Your barely young come join us

Shame on you shame on you shame on you
To keep my love from me

You planted me in foreign ground
A pen within a hand
At least I am not on my own
In hell I have a friend
I know I find (innocence) ashamed?
It isn't my crusade
Dirty faces in a war
Asleep in open graves

Come come join come join come join us
Your barely young come join us
You'll be a man come join come join us
Your big and strong come join us

Shame on you shame on you shame on you
To keep my love from me
Shame on you shame on you shame on you
To keep my love from me

Close your eyes to see
You block your heart to me?
You changed his name to a number?
But he survives a child

Shame on you -close your eyes to see- shame on you -you block your heart to me?- shame on you
To keep my love from me
Shame on you -close your eyes to see- shame on you -you block your heart to me?- shame on you
But he survives a child
Shame on you -close your eyes to see- shame on you -you block your heart to me?- shame on you
To keep my love from me
Shame on you shame on you shame on you
