

Andrea, If I could fly over my soul

Oh baby cant you see
I need you come with me,
Something is telling me
That you feel the way I do ,
I want you close to me
My heart is telling me,
I hate the fact that
I love you
I feel blue, even know im not with you
I always think about you lately
Ive been going crazy
Cause Im missing you,
Cant you see we were ment to be baby,
I wanna be with you baby
Oh baby cant you see,
I need you now
Cant you see were ment to be baby,
I wanna be with you baby.
Oh baby cant you see,
I need you now
Oooohhhh
Now that I think about it ,
the love and times we shared
How can I make it right,
I just wanna go back again
There something
I can do, there something I can say
Dont make you change your mind,
just let me know if
I could stay
Even know im not with you,
I always think about you lately
Ive been going crazy
Cause im missing you,
Cant you see we were ment to be baby,
I wanna be with you baby.
Oh baby cant you see,
I need you now
Cant you see we were ment to be baby,
I wanna be with you baby.
Oh baby cant you see,
I need you now
(Rap!)
No one r am nestle of all the things we used to do
i relized i used to love u baby boo
and am waiting for u to come back
to put my life back on the track
all the flash backs of u and me together
make me wanna spend my life with u forever
and ever and then make u run for me
baby i'm here for eternity
Cant you see we were ment to be baby,
I wanna be with you baby.
Oh baby cant you see,
I need you now
Cant you see we were ment to be baby,
I wanna be with you baby.
Oh baby cant you see,
I need you now
Cant you see we were ment to be baby,
I wanna be with you baby.
Oh baby cant you see,
I need you now
Cant you see we were ment to be baby,
I wanna be with you baby.
Oh baby cant you see,
I need you now
Cant you see we were ment to be baby,

I wanna be with you baby.
Oh baby cant you see,
I need you now
