

Andrea Parker, Return Of The Rocking Chair

The memories still stay
I captured from a star
So far in the distance
Yet so near to my heart

As moments such as this (4x)

I walk into another day
Never realize the time
A chapter of my life
Of which is mine

As moments such as this (4x)

Behind you

The memories still stay
I captured from the stars
So far in the distance
Yet so near to my heart

As moments such as this
(repeat all over)
