

# Andrea Parker, Return Of The Rocking Chair

The memories still stay  
I captured from a star  
So far in the distance  
Yet so near to my heart

As moments such as this (4x)

I walk into another day  
Never realize the time  
A chapter of my life  
Of which is mine

As moments such as this (4x)

Behind you

The memories still stay  
I captured from the stars  
So far in the distance  
Yet so near to my heart

As moments such as this  
(repeat all over)
