

# Andrea Simental, Falling For You

falling in love

falling in love u sleep,

even falling in love so badly u cant breath,

u can even fall in love so true u cant live if that person aint in ur sight,

{choros}

have u ever fallin in love,

have u ever fallin in love,

do u ever fall in love so true u cant think about and body but the person u love,

and then u see that person dont feel the exact way bout u,

that person dont think about ur feelings as much as u do theirs,

now im here sittin alone thinking bout u and wat u mean,

and how u will always be something i think about in my life.
