

# Andreas Johnson, Go For The Soul

(Go  
Go, Go, Go, Go for the soul  
Go, Go, Go, Go for the soul)

It takes a fool to keep this fire burning  
It takes a fool to love this much  
It takes a fool to keep up with this yearning  
So god bless fools like us

I believe  
We've got nothing to lose in this fight  
(Keep moving, baby, got to keep moving)  
And I feel  
I grow stronger with you by my side

(Go, Go, Go,) Go for the soul  
And get into the motion  
Get on your feet and dance with me  
We've got the music, fire and devotion  
Go, Go, Go, Go for the soul  
Go, Go, Go, Go for the soul

It takes a dream to stay above the surface  
It takes a dream to live and breathe  
And when I dream, I dream about your face  
You are the one, that makes me bleed

I believe  
We've got all that it takes to come true  
(Keep moving, baby got to keep moving)  
And I feel  
I grow stronger each day I'm with you

(Go, Go, Go,) Go for the soul  
And get into the motion  
Get on your feet and dance with me  
We've got the music, fire and devotion  
Go, Go, Go, Go, for the soul  
Go, Go, Go, Go, for the soul, go for the soul

In your heart  
In your mind  
In your eyes  
Let me drown  
Let me stay  
In your life

(Go, Go, Go,) Go for the soul  
And get into the motion  
Get on your feet and dance with me  
We got the music, fire and devotion

Go, Go, Go, Go, for the soul  
Go, Go, Go, Go, for the soul  
Go, Go, Go, Go, for the soul
