

# Andreea Balan, Baby get up and dance

Don't waste your time here I am  
Every second every night  
I won't try to fight it  
Something has change when you walked trough the door  
Only you can turn me on and upside down  
I lose control of myself  
Every time I hear you say  
Refren  
Baby Get Up and Dance  
Baby Get Up and Dance  
Move your body next to mine  
From the left to the right  
We'll be dancing all night  
You make me fell so fine  
Baby Get Up and Dance  
Baby Get Up and Dance  
Just the two of us tonight  
Ah ah ah ah (2)  
Oh give it to me!!!  
Hold on to me  
Don't let go  
Let the rithm take control  
And bind us together  
The music stops but tha dance  
Will go on and on and on  
Refren  
Baby Get Up and Dance  
Baby Get Up and Dance  
Move your body next to mine  
From the left to the right  
We'll be dancing all night  
You make me fell so fine  
Baby Get Up and Dance  
Baby Get Up and Dance

Just let the music play  
I gve myself away!!!
