God is an army

By: Andrew Kuntze

In everyones life, there comes a day, where a problem will be faced.

The question is, can you overcome, where this problem originated from.

Do you have the strength, or the will, to not fear and reach the top of the hill.

Chorus:

God is an army and will stand by your side.

God will be with you to help you decide.

You can face your fears, through sickness and health.

Because God is an army and is stronger than anyone else.

Will you be scared, do you think youll be standing alone, or will you put trust in the throne.

Will you believe in the lord, to guide you through, and have faith in heavens crew.

Do you have the strength, or the will, to not fear and reach the top of the hill.
