

Andrew Schore, It's A Sure Thing

You see my face across the room,
Yeah uh-huh I see yours too
You're wondering what's my deal
I'm wondering are you for real?

Now I see you're getting close,
It's me you want
you want the most

-chorus-
Now we see it's a sure thing, baby
Now we bring ourselves to sing,
'cause we know now it's a sure thing,
it's a sure thing!

Now we're dancing in the corner,
and you're friends say
"we should warn her
This guys bad news"
but you don't have a choice, what have you got to loose?

Because,
-chorus-

It's clear you have-- second thoughts
It's true I'm not-- the guy you've sought
I'm not sure what-- you have heard
But you must've gotten-- the wrong word,

Because,
-chorus-

Now you know, I'm not all bad
Your friends were wrong
With the info they had

I am your guy and that's no lie
I am your friend until the end

Because now we know, it's a sure thing
We know it's a sure thing, it's a sure thing

-chorus-
