

Androids, Cynical

You always seem to think the worst
That everyone is out to screw your plans
Go on and help yourself first
I've had about as much as I can stand
Now I'm sayin' you sold out
Yeah I'm sayin' you sold out
What made you so cynical?
Help me get my head into
The way the world has weakened you
If you want
I think you're being paranoid
You really know just how to fuck what's good
I hope you listen to my voice
Don't wanna be misunderstood
Now I'm sayin' you sold out
Yeah I'm sayin'
What made you so cynical?
Help me get my head into
The way the world has weakened you
If you want, if you want
What made you so cynical?
Help me get my head into
The way the world has weakened you
If you want [x2]
