

# Andru Donalds, Living For Tomorrow

(Music: Donalds, Cretu, Gad - Lyrics: Donalds)

Living for tomorrow, you better live for today  
Preserve the joy of your heart, when the days get crazy  
Living for tomorrow, you better live for today  
Preserve the joy of your heart, when the days get crazy

24-7 the world keeps going round and round  
Stop the tribal warfare, keep our communities sound  
When things get sticky, don't think political  
Remember the love of family - think more logical

Living for tomorrow, you better live for today  
Preserve the joy of your heart, when the days get crazy  
Living for tomorrow, you better live for today  
Preserve the joy of your heart, when the days get crazy

24-7 the world keeps going round and round  
Stop the tribal warfare, keep our communities sound  
When things get sticky, don't think political  
Remember the love of family - think more logical

Living for tomorrow, you better live for today  
Preserve the joy of your heart, when the days get crazy  
Living for tomorrow, you better live for today  
Preserve the joy of your heart, when the days get crazy
