

# Andrzej Piaseczny, Too Long

How long will I wait for you?  
How long will you wait for me?  
If you don't get too close  
You won't see the joke  
Maybe everything looks so cool  
Maybe I'm just foolin'  
And when I'm almost out the door  
Your strange smile I saw  
Hey, are you thinking just the same  
Better if you think again  
I've been a faker yeah  
Someone who didn't care  
And I would never want to  
Be with someone like me  
But maybe one more night  
Could make us feel alright  
What difference does it make  
Tell me  
How long will I wait for you?  
How long will you wait for me?  
How long is too long, yeah  
We're been wasting so much time  
Life's too short  
It would be a crime  
So who's behind the mask?  
You don't have to ask  
I'll tell you all there is about me  
My cards are on the table  
And I have really learnt to hide  
These feelings deep inside  
I know the honesty within  
Means nothing when you're crying  
I've been a faker yeah  
Someone who didn't care  
And I would never want to be  
With someone like me  
But maybe one more night  
Could make us feel alright  
What difference does it make  
Tell me  
How long will I...
