

Andrzej Siewierski, For Every Heart

When you feel - you feel so sad ,
when you cry - you cry too much ,
when you need someone's help
just tell me honey , I come back soon again .

When you want to forget ,
when you look for someone else ,
when you feel that love is dead
just call me honey , I never come back again .

When the moon is very cool ,
when the night is very light ,
when your heart play so sad
just call me honey , I really want to come back .
