

Andy Davis, Bigger Than Us

Got a feeling
Somebody's up there pulling the strings
We're not on our own
Do you see it?
It's just like watching gravity fall
And you don't know how

Oh, but signs point to a miracle
It's not coincidence
We've gotten into this

Baby, this love is something
Something bigger than us
Bigger than us
Our love is something
Something bigger than us

Look above us
You'll see what I've been trying to say
These stars were arranged
Just like we were
And I thought I found you
All on my own
That's crazy now

Oh, when it's all so unbelievable
I'm not superstitious
Baby, it's just making sense that this

Love is something
Something bigger than us
Bigger than us
Our love is something
Something bigger than us

To say that from the Beginning
To the beginning of this day
The ways the world could be spinning
And it had to be this way

Oh, and love's not just the sum of us
It's so much deeper
Goes so much wider
Love of a sweeter kind
Love with a patient mind
Bigger than my eyes have ever seen
Than my imagination dreams
It's big enough
Bigger than us
Love is patient, love is kind
Love has given us a sign
It's big enough
Bigger than us

And love is something
Something bigger than us
Bigger than us
Our love is something
Something bigger than us
