

Andy Duguid, Don't belong (Feat. Leah)

You fade in from my eyes,
I'm letting go of all I know,
You fade into the light,
I'm letting go of all the pain
I don't remember you,
You fade away into my eyes,
Just, wake me up before you go
I don't remember you,
Are you a stranger in disguise?
Just, wake me up before you go
I don't belong here
You fade in from my eyes,
I'm letting go of all I know,
You fade into the light,
I'm letting go of all the pain
I don't remember you,
You fade away into my eyes,
Just, wake me up before you go
I don't remember you,
Are you a stranger in disguise?
Just, wake me up before you go
